PREAMBLE

The Regional University System of Oklahoma is committed to recognizing and rewarding, through the promotion and tenure processes, faculty whose work demonstrates excellence in teaching, research, continuing education, and service to the institution and the public. This policy provides the procedures and processes that support reappointment, promotion, and tenure. The responsibility for carrying out this policy is shared by the Board of Regents of the Regional University System of Oklahoma, university administrative officers, and the faculty.

3. ACADEMIC AFFAIRS

3.1. Faculty. The faculty is composed of two major groups: full-time and part-time faculty members. Full-time refers primarily to Tenure Track (TT) and Non-Tenure Track (NTT) faculty members although other types of positions may be used on a university campus (e.g., military appointments, clinical supervisors, visiting, and academic practitioners). For accreditation purposes, full-time faculty may also be categorized according to a variety of criteria (academic, practitioner, professional, etc.). Part-time faculty members are generally referred to as adjunct faculty members. However, part-time teaching responsibilities may also be handled through other roles at a university (clinical supervisors, course coordinators, faculty teaching overloads, staff members, etc.). The Board may not obligate itself beyond a current fiscal year for salaries or compensation in any amount to its faculty employees except as authorized by the Oklahoma Constitution.

- a). **Full-time Faculty.** TT- faculty members hold the ranks of assistant, associate, or full professor; instructors may also be considered TT if their contracts specify a basis for entering the promotion process (e.g., completion of a terminal degree). NTT faculty members are primarily referred to as lecturers or instructors but may also include special types of instructors or other appointments. NTT appointments may be on a continuing or temporary (one academic year or less) basis. If temporary, these faculty members may replace the role of a TT faculty position while a search for a permanent replacement is underway (usually for one academic year). Authority to make appointments to the regular faculty is delegated to the university president. Appointments to the regular faculty are reported to the Board at the next regular meeting following the appointment. Full-time faculty members have instructional and non-instructional duties as assigned by the university. Instructional duties include, but are not limited to, teaching assigned classes, evaluating the students in the classes, and meeting with those

students who require assistance in classes. Non-instructional duties include, but are not limited to, conducting research and other scholarly activities, advising students, serving on committees, sponsoring organizations, and participating in professional organizations. A full-time faculty member should generally carry an instructional load of twenty-four (24) to twenty-seven (27) hours per academic year and a non-instructional equivalent load of nine (9) to twelve (12) hours per academic year so the full-time load would be the equivalent of thirty-six (36) hours per academic year. The annual load is typically split evenly across semesters unless circumstances approved by the university president allows otherwise.

- b). **Part-time (Adjunct) Faculty.** Adjunct faculty members typically work with academic departments on a semester-by-semester basis. They represent a significant portion of a university's educational workforce and teach a prescribed number of course sections per semester but typically do not have research and service responsibilities. TT and NTT faculty members may serve as adjuncts (through overload assignments) but on a limited basis and when qualified adjunct faculty members are difficult to employ. Authority to make adjunct faculty appointments is delegated to the university president. These appointments are limited to specific duties and a specific period of time. Adjunct faculty members are not provided notification of non-reappointment. Part-time faculty members are generally employed only for the purpose of teaching classes. The assigned responsibilities are to provide instruction, evaluate students pertaining to that instruction, and to meet with those students who require assistance in classes. The load of a part-time faculty member who does not have additional duties will be determined by dividing his teaching load by eighteen (18). For example, a nine (9) hour teaching load would equal one-half time. Adjunct appointments are temporary appointments made for one semester or summer session only and often involve instructional duties for specific course sections only.

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-3
--	-------------------------------	-------------

3.2 Tenure and Non Tenure Track faculty appointments. Several types of appointments may be made for full-time faculty members, including part-time administrative roles (chairperson, assistant dean, etc.). TT faculty members participate in tenure and promotion processes that may change the nature of their appointment by advancing them to tenured status or to a new rank (assistant, associate, or full professor).

- a). **Tenured** A tenured appointment is reserved for those faculty members who have been granted tenure by the Board. Tenured faculty members are on continuous appointment and, therefore, are not notified of their appointment status for the following year unless their appointment is being terminated and/or for a post tenure-review process.

- b). **Non-Tenured.** A non-tenured appointment refers to any appointment that is not tenured nor on a track toward tenure. This includes, but is not limited to, N T T , temporary, and certain kinds of administrative appointments.
 - 1). **Tenure-Track.** A TT appointment is one in which the faculty member may become eligible to receive tenure in accordance with policy. TT appointments are for one (1) year and renewable annually at the option of the university. After receiving tenure, faculty members are generally still reviewed through a post-tenure interview process.

 - 2). **Non Tenure Track.** A NTT appointment is one in which the faculty member is appointed as full-time faculty member but is not eligible to participate in tenure or promotion processes. A faculty member on a NTT appointment may be continued annually, at the option of the university. A NTT appointment may be changed to a TT appointment upon written agreement between the university president (or designee) and the faculty member.

June 2018

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-4
--	-------------------------------	-------------

- 3). **Temporary.** A temporary appointment is one in which the faculty member is appointed to the faculty for a period of one year or less. Upon termination of the temporary appointment, the position, if continued, will be opened and advertised to be filled again.
- 4). **Administrative.** An administrative appointment is one in which the faculty member is assigned to perform executive duties and function as part of the administration of the university. Examples include assistant deans, chairpersons, and directors.
- 5). **Summer Faculty.** An appointment to the summer faculty is limited to the specific summer for which the appointment is made. Summer faculty appointments are made by the university presidents or their designees.
- 6). **Graduate/Teaching Assistants.** Graduate assistants are graduate students at the institution who may hold appointments as teaching, research, or administrative assistants. Graduate assistants must be enrolled in a minimum of three (3) semester hours. Teaching assistants shall not teach more than six (6) credit hours per semester.
- 7). **Joint Appointments.** Appointments between two or more academic units or colleges or universities are encouraged when they are of mutual benefit. However, they (1) must not total more than 1.0 full-time equivalent (FTE) and (2) must be approved by all the units and colleges or universities involved. Such appointments must have the approval of the appropriate administrative officials of all units involved and one academic unit and college shall have primary responsibility for promotion and tenure considerations.

June 2018

3.3 ACADEMIC RANK AND PROMOTION.

a). Rank or Promotion Granted by Board of Regents. Authority to grant academic rank or promotion in academic rank is delegated to the university president. Determination of merit and granting promotion in rank shall be in accordance with the promotion policies and procedures of the university as well as the minimum criteria contained in these policies.

b). Principal Academic Ranks of the University. The principal academic ranks of the university shall be Professor, Associate Professor, Assistant Professor, and Instructor or Lecturer. The minimum educational qualifications for Professor, Associate Professor and Assistant Professor shall be an earned doctorate degree awarded by a regionally accredited institution (e.g., Higher Learning Commission or Southern Association of Colleges and Schools) or an equivalent condition for a degree received in another country:

- 1). **Professor:** Institutions may elect to award the rank of professor to individuals who have completed a non-doctoral terminal degree program requiring a minimum of 60 graduate hours
- 2). **Associate Professor:** Institutions may elect to award the rank of associate professor to individuals who have completed a non-doctoral terminal degree program requiring a minimum of 60 graduate hours.
- 3). **Assistant Professor:** Institutions may elect to award the rank of assistant professor to individuals who have completed a doctoral program except for The dissertation (or equivalent requirement) or who have completed a non-doctoral terminal degree program requiring a minimum of 60 graduate hours.
- 4). **Instructor or Lecturer:** The minimum education qualification shall be an earned degree by a regionally accredited institution.
- 5). **Other:** Institutions may classify instructional personnel who are not subject to assignment of rank by such titles as special instructors, lecturers, graduate assistants, adjunct instructors, part-time instructors, or by another title.

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-6
--	-------------------------------	-------------

c) **Promotion Criteria.** Providing that candidates possess the required educational and experience qualifications the following are considered minimum criteria upon which promotion in rank is based: 1) effective classroom teaching, 2) scholarly or creative achievement, 3) contributions to the institution and profession, and 4) performance of non-teaching or administrative duties.

d). **Education Requirements.** The university shall verify the credentials of each faculty member according to the policies and procedures of the Higher Learning Commission, the Oklahoma State Regents for Higher Education, and the Regional University System of Oklahoma. Earned degrees or graduate work should be in a field related to the individual's assignment.

e). **Experience Requirements.** Faculty members remain at the same rank for a minimum of five (5) years.

f). **Exceptions.** Exceptions to criteria and experience requirements for academic rank or promotion in rank may be made by the university president.

g). **Appeal.** Individuals who are not satisfied with action taken as a result of the review process for change in rank may follow the established university appeal procedure. There shall be no right of review of such actions by the Board of Regents.

3.4 ACADEMIC FREEDOM, ACADEMIC RESPONSIBILITY AND TENURE OF FACULTY.

a) Academic Freedom.

1). Faculty members are entitled to freedom regarding research and in the publication of the results, subject to the adequate performance of instructional and non-instructional duties. Patent and copyright ownership will be vested in manner consistent with Board policy.

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-7
---	---------------------------------------	---------------------

2). Faculty members are entitled to freedom in the classroom in discussing their subject, but faculty should be objective in teaching of a controversial matter which has relation to that subject and of controversial topics introduced by students. The faculty member should not introduce controversial matters which have little or no relation to the subject of instruction.

3). University faculty members are individuals, members of a learned profession, and representatives of a university. When faculty members speak or write as individuals, they should be free from institutional censorship or discipline, but faculty position in the community imposes special obligations. As persons of learning and education representatives, the faculty members should remember that the public may judge the profession and the university by extramural utterances. Hence, each faculty member should, at all times, be accurate, should exercise appropriate restraint, should show respect for the opinions of others and should make every effort to indicate that faculty do not speak on behalf of the university.

4). Academic freedom should be distinguished clearly from constitutional freedoms, which all citizens enjoy equally under the law. Academic freedom is an additional assurance to those who teach and pursue knowledge and, thus, pertains to rights of expression regarding teaching and research within specific areas of recognized professional competencies.

b) Academic Responsibility

1). The concept of academic freedom must be accompanied by an equally-demanding concept of academic responsibility. The concern of the university and its members for academic freedom safeguards must extend equally to requiring responsible service, consistent with the objectives of the university.

2). Faculty members have responsibilities to their discipline and to the advancement of knowledge generally. Their primary obligation in this respect is to seek and to state the truth as they see it. To this end, they shall devote their energies to developing and improving their scholarly competence. They shall exercise critical self-discipline and judgment in using, extending, and transmitting knowledge and they shall practice intellectual honesty.

June 2018

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-8
---	---------------------------------------	---------------------

3). Faculty members have responsibilities to their students. They shall encourage in students the free pursuit of learning and independence of mind, while holding before them the highest scholarly and professional standards. Faculty members shall show respect for the student as an individual and adhere to their proper role as intellectual guides and counselors. They shall endeavor to define the objectives of their courses and to devote their teaching to the realization of those objectives. A proper academic climate can be maintained only when faculty members meet their fundamental responsibilities regularly, such as preparing for and meeting their assignments, conferring with and advising students, evaluating fairly and participating in group deliberations which contribute to the growth and development of students and the university. All faculty members also have the responsibility to accept those reasonable duties assigned to them within their fields of competency, whether curricular, co- curricular, or extra-curricular. Faculty members make every reasonable effort to foster honest academic conduct and to assure that their evaluations of students reflects their true merit. They do not exploit students for private advantage and acknowledge significant assistance from them. They protect students' academic freedom.

4). Faculty members have responsibilities to their colleagues, deriving from common membership in a community of scholars. They shall respect and defend the free inquiry of their associates. In the exchange of criticism and ideas, they should show due respect for the opinions of others. They shall acknowledge their academic debts and strive to be objective in the professional judgment of their colleagues. Faculty members accept a reasonable share of faculty responsibilities for the governance of the university.

5). Institutions of higher education are committed to open and rational discussion as a principal means for the clarification of issues and the solution of problems. In the solution of certain difficult problems, all members of the academic community must take note of their responsibility to society, to the institution, and to each other, and must recognize that at times the interests of each may vary and will have to be reconciled. The use of physical force, harassment of any kind, or other disruptive acts which interfere with ordinary institutional activities, with freedom of movement from place to

June 2018

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-9
---	---------------------------------------	---------------------

place on the campus, or with freedom of all members of the academic community to pursue their rightful goals, are the antithesis of academic freedom and responsibility. So, also, are acts which, in effect, deny freedom to speak, to be heard, to study, to teach, to administer, and to pursue research. It is incumbent upon each member of the academic community to be acquainted with his individual responsibilities, as delineated by appropriate institutional statements found in the faculty handbook.

6). Faculty members have responsibilities to the educational institution in which they work. While maintaining their right to criticize and to seek revisions, they shall observe the stated regulations of the institution. Faculty members shall determine the amount and character of the work they do outside their institution with due regard to their paramount responsibilities within it. When considering the interruption or termination of his or her service, the faculty member recognizes the effect of such a decision upon the program of the institution and gives due notice of the decision.

7). Faculty members have responsibilities to their community. As a person engaged in a profession that depends upon freedom for its health and integrity, the faculty members have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

8). Administrators must protect, defend and promote academic freedom.

c) Academic Tenure.

1). Tenure is a privilege and a distinctive honor. Tenure is defined as continuous reappointment which may be granted to a faculty member in a tenure-track position, subject to the terms and conditions of appointment. The tenure decision shall be based on a thorough evaluation of the candidate's total contribution to the mission of the university. While specific responsibilities of faculty members may vary because of special assignments or because of the particular mission of an academic unit, all evaluations for tenure shall address at a minimum whether each candidate has achieved excellence in:

June 2018

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-10
---	---------------------------------------	----------------------

- a). effective classroom teaching; b). scholarly or creative achievement; c). contributions to the institution and profession; and d). performance of non-teaching or administrative duties. Each university may formulate standards for this review and determine the appropriate weight to be accorded each criterion consistent with the mission of the academic unit.
- 2). Tenure may be granted by the Board of Regents of the Regional University System of Oklahoma upon recommendation of the university president. Determination of merit and recommendation for granting tenure shall comport with the minimum criteria and policies and procedures contained in this chapter.
- 3). The terms and conditions of every appointment or reappointment shall be stated in writing and be in the possession of both the institution and faculty member before the appointment is consummated. Tenure shall be granted only by written notification after approval by the Board. Only full-time faculty members holding academic rank of assistant professor, associate professor, or professor may be granted tenure. Qualified professional librarians shall be considered faculty members if they are given academic rank.
- 4). Tenure does not apply to administrative positions, but a tenured faculty member appointed to an administrative position retains tenured status previously granted as a member of the faculty.
- 5). The Board intends that tenured personnel are reappointed to the faculties of the institutions under its control within existing positions that are continued the next academic year. The Board reserves the right to terminate tenured faculty at the end of any fiscal year if the Legislature fails to appropriate or the Oklahoma State Regents for Higher Education fails to allocate sufficient funds to meet obligations for compensation.
- 6). The Board recommends that not more than sixty-five percent (65%) of the full-time faculty at a university receive tenure.

April 2019

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-11
---	---------------------------------------	----------------------

d) Periods of Appointment and Tenure

- 1). Faculty members holding academic rank above the level of instructor or lecturer (assistant professor, associate professor, or professor) shall be in provisional status for a minimum of five (5) years after date of first being employed by the university in a tenure track position. Years of experience in any position other than a tenure track position may be used for toward the five (5) year minimum only if approved by the university president. Seven (7) years shall be the maximum provisional period for the eligible faculty member to become eligible for tenure. If, at the end of seven (7) years any faculty member has not attained tenure, there will be no renewal of appointment for the faculty member unless a specific recommendation for waiver of policy from the president to the contrary is approved by the Board each year. If a faculty member is denied tenure and is not reappointed, the university shall notify tenure candidate if the non-renewal date.
- 2). For the purpose of determining provisional employment of faculty members for tenure consideration, sabbatical leave counts as a part of the period of provisional employment, and a leave of absence is not included as part of the provisional period.

e) Procedure for Granting Tenure and Reviewing of Tenured Faculty.

- 1). When a faculty member is to be considered for tenure, a meeting of the tenured members of the division or department will be called for a discussion of the case. The faculty member's contributions to the mission of the university shall be reviewed and evaluated by the tenured members of his or her division or department including his or her division and/or department chair if applicable, and a poll by secret ballot will be taken to determine whether a recommendation for the granting of tenure will be made. The results of all balloting will be maintained only in the faculty member's tenure file which shall be confidential. This review may be conducted in a manner that allows for input from non-tenured colleagues, students, alumni and administrative information from the department chair. In the event that the number of tenured faculty members in a division or department is fewer than five (5), the actual tenured members in that division or department, plus additional tenured faculty members appointed by the chief academic officer or his or her designee to form a group of at least five (5) tenured faculty members shall act as an ad hoc committee for tenure recommendation. A simple majority rule shall prevail. The division or department chair shall report the results of the vote, separate from his or her recommendation,

to the dean, if applicable, who will forward that recommendation as well as the dean's recommendation, if applicable, to the chief academic officer. The chief academic officer will report these recommendations as well as his or her recommendation to the president.

A university may establish a process to have additional tenure committee(s) at the college and or university level. A recommendation for tenure may also come directly from the chief academic officer or from the president of the university without prior recommendation from the division or department. If the president determines to recommend granting of tenure, he or she will make the recommendation to the Board. The faculty member will be notified in writing of the basis for the recommendation to the board.

- 2). The academic and professional performances of each tenured faculty member at each institution must be reviewed at least every three (3) years. When the review results in a finding that a tenured faculty member's academic and professional performance is unsatisfactory, the faculty member shall be notified of the deficiencies in performance and must be reviewed again within one (1) year. The results of each review will be placed in the personnel record of the tenured faculty member. The tenured faculty member should be given a copy of the review and an opportunity to respond. Two consecutive unsatisfactory post-tenure performance evaluations may be grounds for dismissal or suspension.
- 3). The office of academic affairs shall retain the entire tenure file, including but not limited to the application, portfolio, and letters of recommendation of every faculty member who applies for tenure.

3.5 TERMINATION OF APPOINTMENT AND DISMISSAL No tenured member of the faculty shall have his or her appointment terminated in violation of the principles of tenure adopted by the Board except for one or more causes which may include, but are not limited to, the following:

- a). Committing a felony or other serious violation of law that is admitted or proved before a court of competent jurisdiction, preventing the faculty member from satisfactory fulfillment of professional duties or responsibilities, or violation of a court order which relates to the faculty member's proper performance of professional responsibilities.

- b). Moral turpitude.
- c). Insubordination.
- d). Professional incompetence or dishonesty.
- e). Substantial or repeated failure to fulfill professional duties or responsibilities or substantial or repeated failure to adhere to Board or university policies.
- f). Behavior preventing the faculty member from satisfactory fulfillment of professional duties or responsibilities.
- g). An act or acts which demonstrate unfitness to be a member of the faculty.
- h). Falsification of academic credentials.
- i). Two consecutive unsatisfactory post-tenure performance evaluations.
- j). Bona fide lack of need for one's services in the university.
- k). Bona fide necessity for financial retrenchment.
- l). Discontinuance of a program or department.

3.6 Suspension of a Tenured Faculty Member. The president of the university shall have the authority to suspend any faculty member formally accused of causes a, b, c, d, e, f, g, h or i (listed above). The president shall notify the General Counsel of the Board in writing of the terms and conditions of the suspension within 30 days of notifying the faculty member. A faculty member should be suspended only if harm to the faculty or students is possible or disruption of proper conditions for teaching and learning are threatened by the faculty member's continuance. During the suspension period, compensation for the suspended person should be continued. If during the suspension period the faculty member is convicted of or admits to the commission of a felony or a crime involving moral turpitude or other serious violation of law referenced above, the institution shall not continue compensation.

3.7 Dismissal of a Tenured Faculty Member for Cause. Dismissal proceedings shall begin with a conference between the faculty member and the appropriate academic officer. The conference may result in agreement that the dismissal proceedings should be discontinued or that the best interest of the tenured faculty member and the university would be served by the faculty member's resignation. If this conference does not result in mutual agreement, the academic officer will submit a recommendation in writing with rationale to the faculty member and to the vice president for academic affairs. Within fourteen (14) days, the chief academic officer should have a conference with the faculty member. At the conclusion of the conference the chief academic officer will make a written recommendation to the president with a copy to the faculty member.

3.8 Dismissal of Tenured Faculty for Program Discontinuance or Financial Retrenchment. A faculty member with tenure whose position is terminated based on bona fide lack of need for one's services in the university, or necessity for financial retrenchment, discontinuance of a program or department will be given five (5) months written notice unless an emergency arises.

Before terminating an appointment because of discontinuance of a program or department, or because of other lack of need of services, the university will make reasonable efforts to place affected members in other suitable positions.

If an appointment is terminated because of financial retrenchment, or because of discontinuance of a program, the released faculty member's position will not be filled by a replacement within a period of two years, unless the released faculty member has been offered reappointment at the previous status.

3.9 Appellate Committee on Dismissal of Tenured Faculty Members. A tenured faculty member who receives notice of recommendation of dismissal by the Chief Academic Officer may request and shall be afforded a hearing before the Appellate Committee on Dismissal of Tenured Faculty Members. Failure to make a request in writing to the president of the university within fourteen (14) days after receipt of notification shall constitute a waiver by such faculty member of his or her right to a hearing before the Appellate Committee on Dismissal of Tenured Faculty Members and the president shall then make a final determination. Each university shall institute an Appellate Committee on Dismissal of Tenured Faculty Members. The committee shall not exceed nine (9) tenured faculty members, eight (8) of whom shall be nominated or elected by the faculty governing body of the university and one member appointed by the president of the university. A quorum shall be five (5) members or a majority of qualified members of the committee. Initially, one half (½) of the elected members shall be elected for twelve (12) months and one half (½) shall be elected for twenty-four (24) months; thereafter, one half (½) shall be elected each year. No member may serve more than two (2) consecutive terms. One (1) or more alternate members of the committee shall be elected to serve in the event a regular member is unable to serve. If any member of the committee is an interested party in a case which comes before the Appellate Committee on Dismissal of Tenured Faculty Members, said committee member shall not serve on that case.

The incumbent committee shall serve until the completion of any case pending at the time their term of service expires.

The decision of the committee will be based on majority vote. Prior to any hearings the committee will hold an organizational meeting at which time the committee will at a minimum elect its own chair, who will have the right to vote.

3.10 Appeal Procedures for Tenured Faculty.

a). After a tenured faculty member has requested a hearing before the Appellate Committee on Dismissal of Tenured Faculty Members, service of notice of hearing with specific charges in writing will be made at least twenty (20) days prior to the hearing. The faculty member may respond by waiving the hearing and filing a written brief or the matter may proceed to a hearing. If the faculty member waives hearing, but denies the charge or asserts that the charges do not support a finding of adequate cause, the Appellate Committee on Dismissal of Tenured Faculty Members will evaluate all available evidence, including testimony and documentary evidence presented by the university, and make its recommendation upon the evidence in the record.

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 3 ACADEMIC AFFAIRS	Page 3-16
---	---------------------------------------	----------------------

- b). If the faculty member requests a hearing, the Appellate Committee on Dismissal of Tenured Faculty Members shall, with due diligence, considering the interests of both the university and the faculty member affected, hold a hearing and report its findings and recommendations to the university president and to the involved faculty member.
- c). At hearings before the Appellate Committee on Dismissal of Tenured Faculty Members, faculty members and the university shall be permitted academic advisors and/or counsel. A court reporter will be retained by the university to record the proceedings. Parties will pay the cost of a copy of the transcript. The committee will determine whether the hearing should be public or private.
- d). The faculty member will be afforded an opportunity to obtain necessary witnesses and documentary or other evidence, and the administration of the university will attempt to secure the cooperation of such witnesses and will make available necessary documents and other evidence within its control. No employee of the institution, regardless of position, should be excluded or excused from appearing before the committee, if available.
- e). The hearing will begin with the Chief Academic Officer presenting the case for dismissal and continue with the faculty member presenting the case against dismissal. Each side may introduce evidence and/or call witnesses as desired. The faculty member and the university will have the right to cross examine all witnesses present. Depositions are admissible whenever a witness cannot appear.
- f). The committee may conclude: a) that adequate cause for dismissal has been established by the evidence; b) that adequate cause for dismissal has not been established by the evidence; or c) that adequate cause for dismissal has been established, but an academic penalty less than dismissal, including removal of tenure, would be more appropriate. The committee may make any other recommendations it determines are appropriate. The committee's findings and recommendations shall be made to the university president. The committee shall send a copy of its findings and recommendations to the affected faculty member.

- g). The university president shall notify the affected faculty member of the president's recommendation to the Board. The faculty member shall have the right to request the Board to review adverse findings and recommendations of the president. The request must be in writing and filed within fifteen (15) days after final notification by the president of the university at the office of the Regional University System of Oklahoma. If the affected faculty member does not timely request that the Board review the president's findings and recommendations, the president's determinations become final and binding.
- h). In the event the faculty member submits a timely request to the Board to review adverse findings and recommendations of the university president, the faculty member must indicate whether he or she desires a hearing of all of the evidence of the case, otherwise the review will be a review of the record of the case. The Board has the discretion to determine whether the review will be a de novo hearing or a review of the record. The Board may retain a hearing officer to conduct the review and make recommendations to the Board.
- i). Public statements and publicity about the case by the university will be avoided until the proceedings, including consideration by the Regents, have been concluded.

3.11 Disciplinary Action Other Than Dismissal or Suspension Process. Disciplinary action affecting the terms of employment taken by the university against a tenured faculty member must be based upon causes stated in this chapter, or any other adequate cause which related directly and substantially to the fitness of the tenured faculty member to perform professional duties. Disciplinary action shall begin with a conference between the tenured faculty member and the appropriate academic officer. If as a result of the conference, the academic officer finds that disciplinary action is warranted, a written recommendation for action should be forwarded to the appropriate dean or division head. If, after review, the dean or division head decides not to proceed with further disciplinary action, both parties should be notified in writing. If the dean or division head determines that additional action is warranted, then a conference with the tenured faculty member should be arranged. The dean or division head may determine that no further action is necessary. If, however, additional action is warranted, the faculty member and the chief academic officer shall be notified in writing within fourteen (14) days. The chief academic officer should arrange for a conference with the faculty member. The chief academic officer may then determine that no additional action is necessary.

However, the chief academic officer should notify the faculty member in writing if an additional plan of disciplinary action is made. A copy of the disciplinary action should be placed in the faculty member's personnel file.

--	-------------------------------	--------------

3.12 Non-Tenured Faculty. Non-tenured faculty shall be afforded the same rights of academic freedom as tenured faculty.

Annual Evaluation. Unless the faculty member will not be reappointed the performance of non-tenured faculty members shall be evaluated on or before March 1, each year, and the results of the evaluation shall be placed in the personnel file of the non-tenured faculty member. The non-tenured faculty member shall be given a copy of the evaluation.

Non-Reappointment. The Board delegates to the university president or his or her designee the authority to reappoint or not to reappoint non-tenured faculty members. A non-tenured faculty member whose appointment is not renewed will be given written notice from the university on or before March 1, prior to termination of the current appointment. Failure to reappoint may be without specific or stated cause.

Termination for Cause or Suspension of Non-Tenured Faculty. The termination of employment for cause or suspension of a non-tenured faculty member within an existing contract period shall follow the same procedures and be limited to the same reasons as provided for tenured faculty members who are terminated for cause or suspended. A failure to re-appoint may be without specific or stated cause.

Termination for Program Discontinuance or Financial Retrenchment. Employment of a non-tenured faculty member may be discontinued within an existing contract period based on genuine financial retrenchment, bona fide discontinuance of a program or department, or lack of need of one's services. Non-tenured faculty members discontinued within an existing contract period based on genuine financial retrenchment, bona fide discontinuance of a program or department, or lack of need of one's services shall not have greater job protection than tenured faculty.

3.13 SABBATICAL LEAVE. The Board authorizes the university to grant sabbatical leave. If a university chooses to grant sabbatical leave, the following guidelines will prevail:

Purpose: The university may grant a sabbatical leave to faculty members to provide an opportunity for continued professional growth and new or renewed intellectual achievement through study, research, writing, and travel. The primary purpose of sabbaticals should be for post-doctoral study. A sabbatical may be used to engage in specialized scholarly activity or to provide a broad cultural experience. Such sabbaticals are intended to take place in off-campus settings. The university views a sabbatical as an investment with the expectation that the sabbatical will significantly enhance the faculty member's capacity to contribute to the objectives of the university. For this reason sabbatical leave applications are approved only when significant evidence indicates that the individual will achieve this purpose. Also, the approval of such sabbaticals shall be consistent with the appropriate budgetary and faculty arrangements so as not to disrupt the instructional program or other vital operations of the university.

Conditions of Award: A full sabbatical leave will be for one year at one-half salary. Persons who qualify for less than full sabbatical may be awarded a sabbatical on a proportional basis. Sabbatical leaves shall not be used as a means of augmenting personal income. The sabbatical program requires that persons on sabbatical devote full-time to the scholarly activity for which the sabbatical is granted and will receive no salary or stipend from sources other than the university, except that, with university approval, (1) persons on sabbatical at less than full salary may engage in other scholarly activity consistent with that for which the sabbatical is granted and receive salary, stipend, or honorarium from other sources in such amounts that total salary stipend, and honorarium do not exceed the annual income normally earned, and (2) persons on leave may receive grants from other sources for travel and research expenses incident to their scholarly activity.

Individuals receiving sabbatical leave shall enter into the following written agreement to return to the service of the university and remain for a number of months equal to four times the number of months of full-time equivalent salary (example: One half ($\frac{1}{2}$) salary x ten (10) months = five (5) full-time months; the number of months to return to the university is five (5) full-time months x four (4) = twenty (20) months) or to repay the university the amount of salary received while on sabbatical leave, unless released from the obligation by the Board. If the individual leaves the university prior to the end of the required time, whether voluntary or involuntarily, the amount to be paid the university shall be proportionally reduced.

AGREEMENT

1. I agree to report in writing to the Chief Academic Officer via my department chair or division chair within three months of returning to University service a report of the activities I undertook on my sabbatical and I understand that should I fail to do so any future leave application can be denied.
2. I agree to withdraw from all departmental, college, and University committees for the duration of my leave.
3. I agree to remain in the service of the University at not less than my present salary for a number of months equal to four times the number of months of full-time equivalent salary.
4. I further agree that, in the event I do not return to the University, I will repay the University salary and cost of benefits received from the University during the sabbatical leave, and that, if I do not repay such sums upon demand the University may bring all necessary legal actions to recover this money from me.

---	---------------------------------------	----------------------

At the termination of the sabbatical, and not later than three months after returning to the campus, the individual shall submit a report of the activities undertaken to the chief academic officer through the department chair and division chair. The report will be used to evaluate future applications for sabbaticals of faculty members who have been granted one or more sabbaticals.

Eligibility: Faculty members are eligible for full sabbatical leaves when they have been full-time employees of the university for six academic years. In order to qualify for a prorated sabbatical, the individual must have been a full-time employee of the university for a minimum of two academic years. For the purpose of determining eligibility for a sabbatical leave, time spent on a sabbatical is considered as full-time employment; however, time spent on leave without pay is not considered full-time employment. A faculty member is eligible for a subsequent full sabbatical after six years following any sabbatical leave grant whether full or partial.

Application: A faculty member shall make formal application for a sabbatical leave which includes the reasons for requesting the sabbatical leave, the activities planned during the sabbatical, and a schedule of the use of time while on the sabbatical leave. The application should be submitted to the president of the university through the appropriate department chair, division chair or dean, and vice president. The department chair, division chair or dean, and vice president shall each include a recommendation regarding the sabbatical leave. The decision for recommendation of a sabbatical leave shall be based on the following criteria:

- a). evidence of the highest critical need in order to maintain academic effectiveness;
- b). total years of academic or professional service at the university;
- c). potential contribution to an academic or professional discipline;
- d). length of remaining service to the university;
- e). possession of a terminal degree in the teaching field assigned; or pursuing a terminal degree in a teaching field in which there is a shortage of qualified faculty.

4. STUDENT AFFAIRS

SCOPE OF POLICIES. The policies in this chapter relate directly to student affairs and its scope of practice. The general policies chapter contains additional policies which also apply to students as well as others.

4.1 INSTITUTIONAL RESPONSIBILITY FOR STUDENT AFFAIRS. Student Affairs provides education and services that enhance student growth and development and complement academics by providing opportunities for students to experience education and explore interests beyond the classroom. Student Affairs supports faculty in pursuit of the University's educational mission. Student Affairs also protects and promotes the safety and welfare of the academic community.

4.1.1 Mission and Responsibility. Student Affairs personnel are charged with the operation of key services to students and faculty in the university service areas including but not limited to recruitment and admissions, enrollment management and retention, educational record keeping, financial aid, residence life, campus safety and security, health and counseling, organizations, clubs and activities, international students, service learning/community engagement, Americans with Disabilities Act accommodations and compliance, career services, "TRIO" programs as provided by Title IV of the Higher Education Act of 1965, as amended, testing services, wellness centers and intramural athletics, student unions, new student orientation, parent programs, academic advising and student conduct.

4.1.2 Membership. Student Affairs staff is composed of two groups, professional and support staff. In most cases, these individuals have a direct functional relationship with students, either directly or in a supervisory role over student-focused services or indirectly through academic departments.

4.1.3 Ethical Principles. When professional Student Affairs personnel act in accordance with ethical principles, program quality and excellence are enhanced and ultimately students are better served. As services are provided in higher education, Student Affairs personnel are committed to upholding shared ethical principles for the benefit of students, the profession, and higher education as established by the Council for the Advancement of Standards (CAS) Statement of Shared Ethical Principles.

4.1.4 Professional Development. Student Affairs personnel have an obligation to continue professional growth and to contribute to the development of the field by enhancing knowledge and skills, sharing ideas and information, improving professional practices, conducting and reporting research, and participating in professional association activities. Student Affairs leaders promote and facilitate professional growth of staff by emphasizing ethical standards in professional preparation and development programs.

4.2 MILITARY LEAVE. Students who are members, either officers or enlisted, of the Reserve Components to include the Army and Air National Guard and the Army, Navy, Air Force, Marine Corps, the Coast Guard Reserves, or any other component of the Armed Forces of the United States, shall, when ordered by the proper authority to active or inactive duty or service, be entitled to a leave of absence for the period of such service without loss of enrollment status. During the first thirty (30) regularly scheduled academic days of such leave during the academic period, the student shall receive consideration for time absent.

If a student is called to active or inactive duty or service during a term in which the student has completed an amount of work sufficient to receive a grade, as determined by the university, the university may award a grade to the student and give the student academic credit for the full semester's work. If the student has not completed an amount of work sufficient to receive a grade, the university may adjust enrollment status in accordance with the policy of the Oklahoma State Regents for Higher Education.

4.3 STUDENT NEWSPAPER POLICY.

- a) The Regional University System of Oklahoma shall protect and respect the right of students to exercise their freedom of expression under the First Amendment to the Constitution of the United States. Therefore, university-sponsored student newspapers should include forums for student expression and should publish news of interest and importance to the campus and community of each university.
- b) Student writers should determine the content of official student newspapers. Therefore, editorial authority for the student newspapers and a process of review of challenges to editorial decisions shall be defined by the policy of each university. Each university shall define the eligibility, methods of selection as well as dismissal, duties, responsibilities and authority of all persons who exercise editorial authority. The standards for advertising shall also be defined by university policy.

4.3 STUDENT NEWSPAPER POLICY. (Continued)

- c) Student newspapers shall not include any material that is legally libelous, obscene or that will cause a material and substantial disruption of university activities.
- d) Each student newspaper shall display in a prominent position on its editorial page a disclaimer statement that the opinions and comments therein do not necessarily reflect the policies or beliefs of the Regional University System of Oklahoma and that the student newspaper is not an official medium or expression of the Board or the regional universities.
- e) This policy does not apply to official Board or university publications or other mediums of expression.

4.4 STUDENT DISCIPLINARY REGULATIONS.

4.4.1 Scope of University Authority. The presidents of the universities have the responsibility and authority to promulgate rules governing student conduct and rules insuring the order and safety of the campus. Universities may add additional student regulations not included below. Students must comply with all the rules and regulations of the institution.

4.4.2 Authority of Presidents. The Presidents are authorized to delegate to the SSAO, or their designee, the authority to investigate potential violations of university regulations or law and to determine and administer appropriate penalties using a preponderance of the evidence standard.

4.4.3 Students' Obligations and Regulations. Each student assumes an obligation to obey all rules and regulations made by the university, to preserve faithfully all property provided by the State for his or her education, and to discharge duties as a student with diligence, fidelity, and honor. 4.4 STUDENT DISCIPLINARY REGULATIONS. (Continued)

- c) Conduct probation. A student may be placed on conduct probation. A second violation means that disciplinary action will be based on both charges. 5.6 SEXUAL HARASSMENT POLICY.

5.6.1 SEXUAL HARASSMENT POLICY.

Statement of Policy. RUSO affirms its commitment to an environment for all employees and students which is safe, fair, humane, and respectful and which supports and rewards employee and student performance on the basis of relevant considerations such as ability and effort. Behaviors which inappropriately assert sexuality as relevant to employee or student performance are damaging to this environment. Sexual harassment by any member of the university community is a violation of both law and Board policy and will not be tolerated. Employees must refrain from any harassment or discriminatory treatment of students and other employees. Sexual harassment will be dealt with promptly and confidentially by the university administration.

Definition of Sexual Harassment. Sexual harassment shall be defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature in the following context:

- b) When submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual; or
- c) When such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive working or academic environment.

The University may immediately suspend any employee or student reasonably believed to have committed sexual violence against a person in violation of this policy, with notice and hearing to follow promptly. Each university shall establish procedures for timely reporting, investigation, and resolution of sexual violence incidents.

Sanctions. Appropriate disciplinary action may include a range of actions up to and including dismissal and/or expulsion.

Complaint Process. This policy is in addition to the current Board and university policies concerning discrimination and applies to all students, faculty, staff, guests, and visitors. 5.6.2 SEXUAL RELATIONSHIP POLICY.

Statement of Policy. RUSO affirms its commitment to the fair exercise of academic and employment power and adequate protection of individuals with limited power. University employees, including administrators; faculty; coaches; extracurricular, extramural and intramural activities supervisors; graduate assistants; and staff should demonstrate respect for students as individuals and adhere to their proper roles as academic guides, counselors, and facilitators. Employees must refrain from any exploitation of students and other employees. Such use of power to create sexual relationships will be dealt with promptly and confidentially by the university administration.

Sexual Conduct with Students Prohibited. No employee shall engage knowingly or attempt knowingly to engage in consensual or nonconsensual sexual conduct with any student whom the employee supervises, acts as academic advisor for, or over whom the employee has any power to determine the student’s grade; honors; discipline; research opportunity; scholarship opportunity; acceptance in a graduate or other program of study; participation in arts, athletic, academic, or extracurricular competition; work-study assignment; or similar education-related matter. University employees’ sexual liaisons with students in such situations exploit position, abuse power, and fundamentally harm the academic relationship. Voluntary intoxication with drugs, alcohol, or other substances shall not negate knowledge.

Sexual Conduct with Supervisee Prohibited. Supervisors’ sexual liaisons with their supervisees may exploit position, abuse power, and fundamentally harm the working environment. 5.7 RACIAL AND ETHNIC POLICY.

Introduction. The Board is committed to a multicultural, multiethnic and multiracial environment at each of the six regional universities. Diversity is one of the hallmarks of a great university. Promoting dignity and respect among all members of the university community is a responsibility each of us must share. Acts of racial and ethnic harassment are repugnant to the Board's commitments and will not be tolerated. While the Board embraces the principles of free speech guaranteed by the First Amendment to the United States Constitution, it abhors the abuse of this freedom by those who would provoke hatred and violence based on race and ethnicity. Racial and ethnic harassment is a growing concern across American college campuses. It has taken various forms, from criminal acts (assault and battery, vandalism, destruction of property) to anonymous, malicious intimidation and is most often directed toward persons whose race or ethnicity is readily identifiable. While principles of academic freedom and freedom of speech require tolerance of ideas and opinions, racial and ethnic harassment cannot and will not be permitted at the regional universities. The Board reserves the right to deal administratively with racial and ethnic harassment issues whenever it deems it appropriate to do so.

Statement of Policy.

It is the policy of the Board that racial and ethnic harassment is prohibited and is subject to disciplinary action as set forth in this policy. Racial and ethnic harassment is defined as:

Behavior or conduct addressed directly to individual(s) related to the victim's race, religion, ethnicity, or national origin that threatens violence, or property damage, or that incites or is likely to incite imminent lawless action.

Sanctions. Violations of this policy may result in disciplinary action taken by the appropriate authority. Sanctions may range from reprimands to suspension, expulsion or termination. Sanctions shall be based upon the facts and circumstances of each case and shall be in accordance with the terms and guidelines of the applicable campus complaint procedures.

Retaliation. Threats or other forms of intimidation or retaliation against complaining witnesses, other witnesses, any reviewing officer, or any review panel shall constitute a separate violation of this policy which may be subject to direct administrative action.

Complaint Process. This policy is in addition to current Board and university policies concerning discrimination, and applies to all students, faculty, staff, guests or visitors. Complaints alleging violation of the racial and ethnic harassment policy will be reviewed and investigated by the appropriate university office. Complaints may be resolved informally or may proceed through the applicable formal complaint proceedings. Complaints may be filed in the following manner:

5.13 PATENTS/COPYRIGHTS.

5.13.1 Patent Policy – General Statement. It is in the best interests of the Board and the State of Oklahoma to encourage faculty and staff members of the Universities to undertake creative endeavors and to receive recognition therefore.

The individual or individuals who make the discoveries or inventions which become the property of the University under this Policy will share in income derived by the university from the marketing of such inventions and patent rights based thereon according to such terms as the president of the university shall direct. As provided for below, discoveries or inventions made or created by employees, faculty, students, and staff of the university will become the property of the university. Any and all benefits accruing to the university and derived from such discoveries or inventions will be used to further the research enterprise of the university. The university through its president, or an officer of the university designated by the president, may recognize the contract with patent service organizations, such, for example, as University Patents, Inc., or Research Corporation, in regard to obtaining, maintaining and marketing of patent rights (domestic and foreign) based on discoveries or inventions which are or shall become the property of the university pursuant to this Policy. It is not contemplated that this Patent Policy shall extend to and include questions of copyright ownership.

5.13 PATENTS/COPYRIGHTS. (Continued)

5.13.2 Copyright Policy.

Policy. RUSO recognizes and encourages faculty, staff, and students to participate in creative and scholarly activities as an inherent part of the educational process. It is the broad policy of RUSO to promote creativity and scholarly activities and to expand the frontiers of human attainment in those areas to which the pursuits of the senior regional universities are dedicated.

Basic Objectives. Copyrights are created by the Constitution and the laws of the United States to promote the progress of science and the useful arts by securing for limited times to authors the exclusive rights to their works and writings. The basic objectives of the Board policy concerning copyright include the following:

- a) to maintain the broad academic policy of encouraging research and scholarship as such without regard to potential gain from royalties or other income;
- b) to make copyrightable materials created pursuant to university objectives available in the public interest under conditions that will promote their effective utilization;
- c) to provide adequate incentive and recognition to faculty and staff through proceeds derived from their works.

Copyright Ownership and Royalty Distribution.

- a) Under the Copyright Revision Act of 1976, 17 U.S.C. § 101 et seq. (1976), works of original authorship are protected by copyright from the time they are fixed in a tangible medium of expression, now known, or later developed.
- b) All RUSO personnel, in accordance with the Board policy and basic objective of promoting creative and scholarly activities, are free to develop, create, and publish copyrightable works.

REGIONAL UNIVERSITY SYSTEM OF OKLAHOMA	CHAPTER 5 GENERAL POLICIES	Page 5-25
---	---------------------------------------	----------------------

5.13 PATENTS/COPYRIGHTS. (Continued)

- c) Copyrighted works produced by the RUSO faculty and staff are the property of the creator of that work. All rights afforded copyright owners under § 106 of the Act reside with the creator unless he/she has assigned or licenses any of the enumerated rights. Decisions relative to registering of these works with the Copyright Office are left to the individual creator.
- d) Copyright in works specifically commissioned by the university under § 201 (b) of the Act shall belong to the university. As copyright owner, the university shall make decisions relative to registering commissioned works. Royalties for university-commissioned copyrighted works may be shared by the university and the creator(s) of the work. The terms of any grant or contract relative to royalties shall take precedence over this policy should there be a conflict between them. Disputes arising over royalty sharing for university-commissioned works shall be referred to the general counsel for the Board.
- e) Works produced under a specific contract or grant agreement between the university and a governmental or other agency or organization are subject to the terms of the grant or contract for purposes of copyright. If copyright ownership is not specified, such rights shall reside in the creator.
- f) Where university service units (such as a media production department) are involved with the production of a substantially completed copyrightable product, royalties shall be distributed between the copyright owner, i.e., faculty or staff creator, and the university as provided for in a written agreement concluded prior to work being done.

However, in those instances in which a written agreement has not been finalized prior to the completion of the copyrightable product, the standard distribution of royalties will be provided to creator with 50 percent of the net income when mass production and distribution are accomplished by the university; 50 percent of the gross income when mass production and distribution are accomplished by an outside entity. If this standard is unacceptable to either party, the matter shall be referred to the university president.

5.14 PRIVATELY OWNED BUSINESS POLICY. No university employee shall either encourage or discourage private citizens intending to invest in university-oriented, privately owned business enterprises.

5.15 EMPLOYMENT OF CAMPUS POLICE OFFICERS. Each of the senior regional universities may employ campus police officers as provided by the Oklahoma Campus Security Act, 74 O.S. § 360.15 et seq.
