3. East Central University (page 35)

a. Project #230-0052—New Residence Hall

ECU respectfully requests approval to name the new residence hall on the Ada campus in honor of the Anoatubby family. The first Anoatubby to make a significant contribution to our national heritage is an ancestor of Governor Bill Anoatubby. The first recorded history begins in 1812, with Anoatubby (whose first name is not clear), serving with Andrew Jackson in the War of 1812. He joined noted Chickasaw warriors and leaders, Tishomingo, Captain James Colbert, Captain George Colbert, and Major William Colbert and other Chickasaws, along with Davy Crockett and the mounted Tennessee riflemen. They were part of the 39th US Cavalry under Uriah Blue. It was after the campaign that Anoatubby received a commission from President Jackson. The connection to Oklahoma begins with Atchinson Anoatubby (1857-1938), the great grandfather of Bill Anoatubby. Atchinson Anoatubby served as a judge in Johnston County during Indian Territory days. The connection to Ada and to ECU begins with Bill Anoatubby who has served as Governor of the Chickasaw Nation since 1987 and has been a friend of higher education and of East Central University, in particular, for many years. The building designation would be "Anoatubby Hall."

Mr. Strother died three months after retiring in 1965.
- b. Beeks Erick Building, this building is currently known as the Classroom Annex, located next to the Chemistry Pharmacy Physics Building. MEETING AGENDA FOR FEBRUARY 16, 2018

IX. PRESIDENTS' RECOMMENDATIONS

A. UNIVERSITY OF CENTRAL OKLAHOMA

(See attachment C, pages 43-52)

1. Personnel

2. Academic Service Fees

Changes:	Per	Current	Proposed	Revenue +/-	Total Revenue
College of Liberal Arts Special Instruction Fees	CH	\$14.34	\$ 16.48	\$ 214,000.00	\$ 1,648,000.00
The increase will allow us to restore the overall budget to resemble a bit more closely what it had been before 2015-16. After covering mandatory cost increases, the priority for this revenue is to provide additional student travel to support their research efforts and the nationally-recognized AAF Group (Advertising Student Team). Furthermore, cuts made to our Teaching Assistant Program, assessment of student outcomes and tutoring programs will be restored through this increase. The projected credit hours of the College of Liberal Arts for FY19 is 100,000.					
College of Business Facility/Equipment Utilization Fees	CH	\$25.25	\$ 17.25	\$(416,000.00)	\$ 897,000.00
This fee is based on an estimate of 52,000 credit hours. Therefore, the proposed fee decrease will still generate \$897,000 This should still be sufficient at present since the College of Business has had a decline in enrollment and the intended capital project has been delayed.					
College of Education and Professional Studies Facility/Equipment Utilization Fees	CH	\$18.17	\$ 17.17	\$ (83,500.00)	\$ 1,433,695.00
The fees are based on an estimate of 83,500 credit hours. This is a decrease in fee collection to reflect the current need of facility/equipment due to the delay in the start of the Allied Health Building capital project.					
Forensic Science Institute Facility/Equipment Utilization Fees	CH	\$27.04	\$ 27.64	\$ 3,600.00	\$ 165,840.00
FSI's unprecedented growth in undergraduate majors and credit hour production led to the creation of new courses that require additional equipment that will provide students with opportunities for hands-on training on the same equipment used by law enforcement agencies world-wide. All figures are based on a conservative estimate of 6000 credit hours. Much of the technology in the Forensic Science Institute is in need of replacement due to age.					
College of Mathematics and Science Classroom/Laboratory Supply and Material Fees	CH	\$ 1.41	\$ 2.61	\$ 109,620.00	\$ 238,423.50
This is an increase in fee collection to reflect the need for classroom/laboratory supplies. With the current budget, we fall short having enough funds to cover the need of supplies. The credit hour projection for FY19 is 91,350.					
Forensic Science Institute Classroom/Laboratory Supply and Material Fees	CH	\$ 8.31	\$ 8.91	\$ 3,600.00	\$ 53,460.00
This is an increase in fee collection to reflect the need of classroom/laboratory supplies. Most of the Forensic Science courses are "hands on" instruction and require consumable instructional supplies that are specialty items for forensic science such as bio foam, dental stone, or Accutrans cartridges. These are items provided to students in the course of their classroom instruction. The credit hour projection for FY19 is 6,000.

2. Academic Service Fees:

Northeastern State University recommends the following changes to academic service fees to be assessed during the 2019 academic year.

<u>Changes:</u>	<u>Current</u>	<u>Proposed</u>
Online Fee hr	\$ 35.00 per cr hr	\$50.00 per cr

This request changes the name from Electronic Media Fee to Online Fee and changes the fee category from Other Special Fees to Special Instruction Fess, which more appropriately reflects the type of the fee. The basis of this fee increase is directly related to the increased costs to provide quality and innovative services to our students. This additional revenue will also support future services provided by our "ecampus". The net change is \$15.00 per credit hour.

Business & Technology Facility/Equipment Utilization Fee

\$ 2.00 per cr hr	\$ 2.70 per cr hr
-------------------	----------------------

We are restoring a portion of the fee reduction in FY18 from \$6.00 to \$2.00. The additional revenue will fund the purchase and maintenance of environmental health and safety equipment. The net change is \$.70 per credit hour.

Business & Technology Special Instruction Fee

\$ 4.50 per cr hr	\$ 5.30 per cr hr
-------------------	----------------------

MEETING AGENDA FOR FEBRUARY 16, 2018

This fee increase is based upon the projected costs to provide continued services to our students and hire lab workers in order to meet ABET accreditation fees and requirements. The net change is \$.80 per credit hour.

3. Grants & Contracts

Total grants and contracts: \$ 44,000.00

3. Request for Contracts

On January 27, 2017, approval was granted by the RUSO Board of Regents to Southwestern Oklahoma State University to prepare a Request for Proposal (RFP) and award a contract for both consulting services as well as an Enterprise Resource Planning System (ERP). As a result, SWOSU has engaged the services of Brown, Hendrix & Associates LLC, City by the Sea, TX, to provide consulting services.

- a. Northwestern Oklahoma State University requests permission to use the SWOSU RFP 17-120 bid to hire Brown, Hendrix & Associates LLC for consulting services while moving forward with a new ERP system. This agreement would start approximately two months prior to implementation by the ERP vendor, extend during the 24 months of implementation, and conclude approximately two months after implementation. Specific services provided include contract negotiations, business practice/functionality review, strategic/tactical technology planning, data collection as well as project oversight with the vendor and NWOSU staff.

Requested Funding Approval: \$308,000

Funding Sources: E&G (Fund 290); Auxiliary Funds; Section 13/New College/Offset Funds (600 & 650 Funds).

- b. Northwestern Oklahoma State University requests permission to use the SWOSU RFP 18-100 to select a vendor and award a contract to provide an Enterprise Resource Planning

MEETING AGENDA FOR FEBRUARY 16, 2018

System which would include software, hardware, planning, training and implementation. By collaborating with SWOSU and selecting the same vendor, the economy of scale will yield cost savings to both institutions.

SUBJECT: Facilities Stewardship Committee Agenda Items
- February 16, 2018

Please place East Central University on the Facilities Stewardship Committee agenda for the Friday, February 16, 2018, Board of Regents of the Regional University System of Oklahoma meeting regarding the following item:

A. Project # 230-0052 - New Residence Hall

ECU respectfully requests approval to name the new residence hall on the Ada campus in honor of the Anoatubby family. The first Anoatubby to make a significant contribution to our national heritage is an ancestor of Governor Bill Anoatubby. The first recorded history begins in 1812, with Anoatubby (whose first name is not clear), serving with Andrew Jackson in the War of 1812. He joined noted Chickasaw warriors and leaders, Tishomingo, Captain James Colbert, Captain George Colbert, and Major William Colbert and other Chickasaws, along with Davy Crockett and the mounted Tennessee riflemen. They were part of the 39th US Cavalry under Uriah Blue. It was after the campaign that Anoatubby received a commission from President Jackson. The connection to Oklahoma begins with Atchinson Anoatubby (1857-1938), the great grandfather of Bill Anoatubby. Atchinson Anoatubby served as a judge in Johnston County during Indian Territory days. The connection to Ada and to ECU begins with Bill Anoatubby who has served as Governor of the Chickasaw Nation since 1987 and has been a friend of higher education and of East Central University, in particular, for many years. The building designation would be "Anoatubby Hall."

If I need to provide further information, please let me know.

Thank you.

II. Academic Service Fees:

Changes:	Per	Current	Proposed	Revenue +/-	Total Revenue
College of Liberal Arts Special Instruction Fees	CH	\$14.34	\$ 16.48	\$ 214,000.00	\$ 1,648,000.00
The increase will allow us to restore the overall budget to resemble a bit more closely what it had been before 2015-16. After covering mandatory cost increases, the priority for this revenue is to provide additional student travel to support their research efforts and the nationally-recognized AAF Group (Advertising Student Team). Furthermore, cuts made to our Teaching Assistant Program, assessment of student outcomes and tutoring programs will be restored through this increase. The projected credit hours of the College of Liberal Arts for FY19 is 100,000.					
College of Business Facility/Equipment Utilization Fees	CH	\$25.25	\$ 17.25	\$(416,000.00)	\$ 897,000.00
This fee is based on an estimate of 52,000 credit hours. Therefore, the proposed fee decrease will still generate \$897,000 This should still be sufficient at present since the College of Business has had a decline in enrollment and the intended capital project has been delayed.					
College of Education and Professional Studies Facility/Equipment Utilization Fees	CH	\$18.17	\$ 17.17	\$ (83,500.00)	\$ 1,433,695.00
The fees are based on an estimate of 83,500 credit hours. This is a decrease in fee collection to reflect the current need of facility/equipment due to the delay in the start of the Allied Health Building capital project.					
Forensic Science Institute Facility/Equipment Utilization Fees	CH	\$27.04	\$ 27.64	\$ 3,600.00	\$ 165,840.00
FSI's unprecedented growth in undergraduate majors and credit hour production led to the creation of new courses that require additional equipment that will provide students with opportunities for hands-on training on the same equipment used by law enforcement agencies world-wide. All figures are based on a conservative estimate of 6000 credit hours. Much of the technology in the Forensic Science Institute is in need of replacement due to age.					
College of Mathematics and Science Classroom/Laboratory Supply and Material Fees	CH	\$ 1.41	\$ 2.61	\$ 109,620.00	\$ 238,423.50
This is an increase in fee collection to reflect the need for classroom/laboratory supplies. With the current budget, we fall short having enough funds to cover the need of supplies. The credit hour projection for FY19 is 91,350.					
Forensic Science Institute Classroom/Laboratory Supply and Material Fees	CH	\$ 8.31	\$ 8.91	\$ 3,600.00	\$ 53,460.00
This is an increase in fee collection to reflect the need of classroom/laboratory supplies. Most of the Forensic Science courses are "hands on" instruction and require consumable instructional supplies that are specialty items for forensic science such as bio foam, dental stone, or Accutrans cartridges. These are items provided to students in the course of their classroom instruction. The credit hour projection for FY19 is 6,000.

II. ACADEMIC SERVICE FEES

Northeastern State University recommends the following changes to academic service fees to be assessed during the 2019 academic year.

<u>Changes:</u>	<u>Current</u>	<u>Proposed</u>
Online Fee	\$ 35.00 per cr hr	\$50.00 per cr hr

This request changes the name from Electronic Media Fee to Online Fee and changes the fee category from Other Special Fees to Special Instruction Fees, which more appropriately reflects the type of the fee. The basis of this fee increase is directly related to the increased costs to provide quality and innovative services to our students. This additional revenue will also support future services provided by our "ecampus". The net change is \$15.00 per credit hour.

Business & Technology Facility/Equipment Utilization Fee	\$ 2.00 per cr hr	\$ 2.70 per cr hr
--	-------------------	-------------------

We are restoring a portion of the fee reduction in FY18 from \$6.00 to \$2.00. The additional revenue will fund the purchase and maintenance of environmental health and safety equipment. The net change is \$.70 per credit hour.

Business & Technology Special Instruction Fee	\$ 4.50 per cr hr	\$ 5.30 per cr hr
---	-------------------	-------------------

This fee increase is based upon the projected costs to provide continued services to our students and hire lab workers in order to meet ABET accreditation fees and requirements. The net change is \$.80 per credit hour.
